

Join Us for a Plant Share

to kick off our 75th anniversary season

Saturday, May 9, 10am - noon
Gayle Lewis' house, 12 School Avenue
(park at Town Hall)

The Bedford Garden Club will not be holding a plant sale this May. But we always get together on the Saturday before Mother's Day! We still can talk and swap plants. Those plants you dig up anyway in the spring and would have donated to the plant sale? You don't have to toss them on the compost pile.

- Club members. And non-members who work in town gardens.
- If you can, bring 1 or 2 plants. If not, please come anyway!
- Any kind of plant - perennial, houseplant, vegetable...
- Please label each plant with its name, sun requirements, etc.
- Can't attend but would like to donate plants? Coordinate with Katie Durham for plant pick-up ahead of the event.
- The selection order will be based on a lottery (numbered chips).
- The goal is at least two rounds, for anyone attending whether you bring any plants.

Any unclaimed plants will be available first for a town garden and then for the First Parish plant sale scheduled for the following Saturday.

We're exploring additional ways to make it enjoyable, like refreshments, garden book swap, games, whatever. Bring a lawn chair if you can.
